MEMORANDUM FOR:

FROM:

Director of Training and Education

SUBJECT: "Training for Intelligence" Brochure

I want to thank you for your work with the training guide task force that transformed an idea into the recruiting brochure, "Training for Intelligence." Having participated in some of the deliberations, I am well aware of how the group resolved difficult issues in a constructive and creative manner. Your efforts, individually and cooperatively, contributed to a product that is a credit to OTE and the Agency. Well done!
